

LABOR'S HOLIDAY WILL BE OBSERVED

All Business Houses Will Close
at 10 a. m. Monday.

BIG PARADE IN MORNING

Exercises Will Be Held in
Park in Afternoon.

Monday is Labor Day, and it will be fittingly observed in Wichita as a holiday. The mayor's proclamation asked all business houses to close at 10 o'clock, and from that hour business in this city will be generally suspended and the entire day given to celebrating with the laboring man. A large number of stores will not open during the day, but grocery stores and meat markets will remain open until 10 o'clock. None of the banks will be open. The postoffice will be open from 9 to 10 o'clock. The city and county offices will be closed throughout the day.

There will be plenty of entertainment during the day. The exercises will be held in South Riverside park. A bleacher has been erected along the north side of the park, and a speaker's stand in front of this. This bleacher will seat 2,000 people, and from this one will get a good view of the races and other sports of the day, and it will also afford an exceptional opportunity to hear the speakers.

The track has been treated so that the dust will not interfere and arrangements have been provided to keep the people off the tracks. A large number of entries have been made to the various events, and some of the best athletes of the city have agreed to take part in the events, so that good entertainment is assured.

The parade will start promptly at 11 o'clock from the corner of St. Francis and Douglas avenues. There will be no waiting, as the march must be taken up on time. The parade will move west to the corner of Main and Douglas, where the front division will open ranks and allow the rear ones to march through. The parade will then go in reverse order to Central avenue, thence to the park.

There are a number of good swimmers in this city, and they have entered for a boat race on the river.

Other events are as follows: One-hundred-yard dash; one-hundred-yard hurdle; shot-put; hammer-throwing; broad jump; pole vault, with weights; high jump; pole vault, and the tug of war, open only to members of the local unions. Six teams have entered the contest, and the pull will be a good one and will be worth traveling a long distance to see.

PLANS FOR CELEBRATION.

A. O. U. W. Will Hold Social on Monday, September 21.

Wichita lodge No. 22, of the A. O. U. W., is looking forward to a good time on Monday, September 21, when the members will give the celebration which has been contemplated for some time. The occasion is that of the last payment on their hall at 22 South Main street, and is one in which every member takes an interest. The lodge is planning to make this one of the biggest social events in the history of the lodge. The committee which has the affair in charge consists of E. E. Harvey, T. H. Baker and Mr. Cline. They are preparing an interesting program, consisting of music, speaking, recitations and other events. The feature of the evening is to be the banquet which is to be served after the program, and at which toasts will be made by several of the members.

WRECK ON ENGLEWOOD.

Three Were Hurt, Bob Finney Most Seriously.

L. P. Cross arrived in the city yesterday and brought the news of a wreck on the Englewood branch of the Santa Fe, in which three persons were hurt, though not seriously. Bob Finney, a son of Conductor Ed Finney, who runs on the passenger train from this city to Englewood, was the most seriously injured. The freight which was wrecked left Mulvane for Englewood Thursday. The train broke in two and when the two sections came together Finney, who is a brakeman, was standing on top of a box car. He was thrown from this to a flat car, the side of the car striking across the middle of his body. He was badly bruised about the hips and abdomen, and his face was also cut and bruised. The other brakeman and the conductor were slightly injured.

WILL RETURN THIS WEEK.

Miss Hagen, Modiste, From Eastern Fashion Center.

Miss Ida Hagen, modiste, will return after an extensive trip throughout the eastern centers of fashion. Miss Hagen spent many weeks visiting in New York City and giving special attention to the details and general styles which are the vogue for the coming season. The Misses Knowles, who have had a thorough training in the manufacture of ladies' tailor-made suits will have charge of this special work under the supervision of Miss Hagen for the Rorabaugh store.

The Rorabaugh store will be closed all day Labor Day.

LAST BAND CONCERT

Will Be Given at Masonic Home Anniversary Thursday Night.

The anniversary of the dedication of the Masonic Home will be celebrated on Thursday evening, at the home grounds. Since the first anniversary, the home has done an immense amount of good, by furnishing a home for the aged members of the Masonic order and many children, and the institution is one in which the Masons of the city take great interest and pride. For this reason it is expected that many of the members will be present at the celebration of the anniversary.

But the crowd is expected to be made up largely of people who are not members but are interested in the home and also desire to spend a pleasant evening on the grounds, which are among the best in the city for an evening entertainment. The Innes Union band will give their last band concert of the season on this occasion, and will play on the front lawn. The ladies of the O. E. S. will serve ice cream and cake and all members of the chapter are expected to bring trays prepared to help in the serving. The West Side car line runs by the home, and several extra cars will be placed on this line to handle the large crowd which is expected to attend this last concert of the season.

If You Will Only Let Us.

We can show you a treasured piece of foreign matter—mostly lime and alkali—in the best glass of hydrant or well water to be found in Wichita. We can show you dozens of quotations from doctors and scientists, some of world wide reputation, asserting in positive terms that these impurities are destructive to health and life. We can show you that our Crystal Water is pure—as pure as water can be made, and we would be glad to show you that it is what you need to put and keep your vital machinery in perfect order. We want you to give us a trial order, use it as directed and if it isn't all that you could even wish for, both in quality and effectiveness, we give your money back without a word. Won't you call us up and try it today? The Holland Water Co., both phones.

SEND NO DELEGATES.

Commissioners Not Interested in Irrigation Congress.

At the regular meeting of the county commissioners yesterday afternoon that body decided not to send any delegates to the National Irrigation Congress, which meets at Ogden, Utah, on the 15th of this month. The management of the congress asked for delegates from this county and it was expected that one or more would be sent from this city, but the commissioners considered that there was little interest taken in the irrigation proposition in this part of the state and when they could find no one who was willing to go as a delegate they decided to notify the congress that none would be sent.

HAND WAS AMPUTATED.

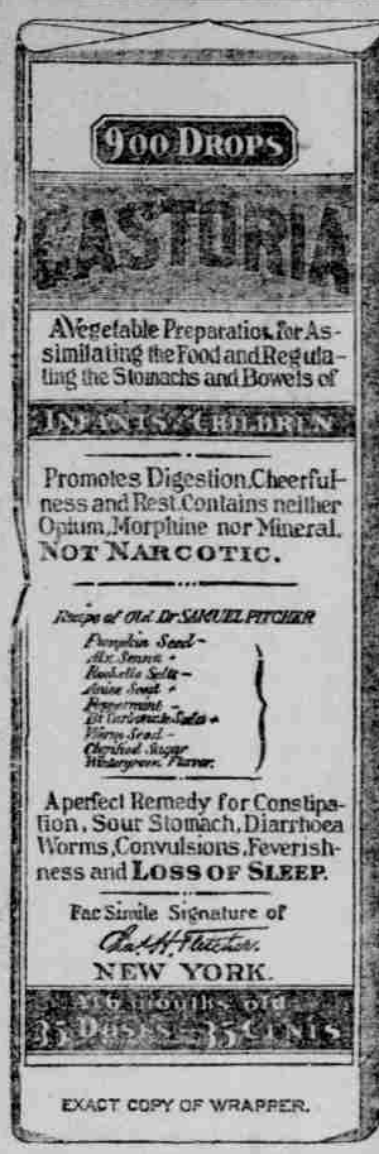

William Campbell's Hand Caught in Hay Press.

William Campbell, who had his hand caught in a hay press and badly mangled yesterday, was compelled to have it amputated. He was working a few miles from this city when the accident occurred. He was using the press when his hand became entangled in the machinery, and before the press could be stopped his hand had been so badly lacerated it was necessary to amputate it above the wrist.
